Introduction

Active since May 2015, RE-ACT is an initiative set up by Croatian Audiovisual Centre, Friuli Venezia Giulia Audiovisual Fund, Slovenian Film Centre and joined in 2019 by Film Center Serbia, aimed at developing new audiovisual projects and fostering international co-productions.

Objective

The objective of RE-ACT is to promote closer creative collaboration between producers and filmmakers from Croatia, Slovenia, Serbia and Friuli Venezia Giulia through training, networking and co-development of projects.

Budget

For the year 2025 the RE-ACT co-development funding has a total annual budget of 60.000 EUR. The financial envelope derives exclusively from the contributions of the member funds.

Serbia is not eligible for the 2025 RE-ACT Co-development Funding Scheme, nor will projects involving Serbian producers, whether majority or minority, be considered relevant to the call criteria.

General Assembly

The General Assembly consists of the Members of the Initiative and convenes at least once a year. Among other things, the General Assembly charts the general policy of the initiative and approves the reports and actions of the Programme Council.

Programme Council

For the year 2025 the Programme Council has three (3) members, one (1) representative per each Party (Croatia, Slovenia and Friuli Venezia Giulia). Each member of the Programme Council is appointed by each Party (the Member of the Initiative) for one-year term and can be re-appointed. The Programme Council: reviews and evaluates the projects submitted in response to the public call for applications; supervises the realisation of accepted projects that have been granted funds and submits progress reports to the General Assembly.

The Administrative Office

The Administrative Office of the Initiative is located in Italy with FVG Audiovisual Fund.

Decision-making process

There is one call for projects per year for co-development funding.

The Programme Council applies the eligibility criteria contained in Article 2 of these Guidelines.

Projects declared eligible by the Programme Council are then evaluated by the Programme Council, which can avail itself of the artistic expertise of external artistic consultants. In taking its decisions on the co-development funding, the Programme Council applies the selection criteria contained in Article 3 of these Guidelines.

Funding

RE-ACT co-development support takes form of non-repayable grants.
